[Estimate No. 7; 99th Congress, 1st Session]

EXECUTIVE OFFICE OF THE PRESIDENT,
OFFICE OF MANAGEMENT AND BUDGET,
Washington, DC, June 26, 1985.

The PRESIDENT,
The White House.

SIR: I have the honor to submit for your consideration a request for supplemental appropriations for fiscal year 1985 in the amount of $300,000, an amendment to the request for appropriations for fiscal year 1986 in the amount of $3,281,000, and appropriation language for fiscal years 1985 and 1986.

I have carefully reviewed the proposals contained in this document and am satisfied that these requests are necessary at this time. I recommend, therefore, that these proposals be transmitted to the Congress.

Respectfully,

DAVID A. STOCKMAN,
Director.

Enclosures.

DEPARTMENT OF ENERGY

POWER MARKETING ADMINISTRATIONS

1986 budget appendix page	Heading	1986 request pending	1986 proposed amendment	1986 revised request
I-J19	Operation and maintenance, Alaska Power Administration.	.....	$3,281,000	$3,281,000

This proposal would provide for the continued operation and maintenance of two hydropower projects which comprise the Alaska Power Administration (APA). The fiscal year 1986 budget request assumed that the two projects would be transferred to non-Federal control. It is now apparent that such a transfer cannot be made by the beginning of 1986 so the APA must continue to operate as a Federal agency through fiscal year 1986. The fiscal year 1986 outlay increase of $3 million would be fully offset by increased receipts from power sales.

DEPARTMENT OF THE TREASURY

UNITED STATES SECRET SERVICE

1986 budget appendix page	Heading	1985 supplemental request pending	1985 proposed amendment	1985 revised request
II-32	Salaries and expenses (In the appropriation language under the above heading delete the material beginning with "$4,100,000" and insert in lieu thereof *$4,400,000, of which $2,550,000 shall remain available until expended.*)	$4,100,000	$300,000 language	$4,400,000

This proposal would provide $300 thousand to cover activities related to United States participation in the International Police Organization (INTERPOL). The Organization is scheduled to meet within the United States in late September 1985. In addition, appropriation language is proposed that would extend the availability of funds requested for security construction projects at the White House and the Vice-President's residence at the Naval Observatory. This proposal would reduce fiscal year 1985 outlays by a total of $2.3 million and increase fiscal year 1986 outlays by $2.6 million.

ENVIRONMENTAL PROTECTION AGENCY

ADMINISTRATIVE PROVISIONS

1986 budget appendix page	Heading	1986 request pending	1986 proposed amendment	1986 revised request
I-S7	Administrative Provisions (Insert the above heading and the Administrative Provisions language that follows immediately after the material under the heading "Miscellaneous contributed funds":) *Not to exceed 7 per centum of any appropriation made available to the Environmental Protection Agency by this Act (except appropriations for "Construction grants" or "Hazardous Substance Response Trust Fund") may be transferred to any other such appropriation: Provided, That the receiving appropriation will not be increased by more than 7 per centum.*		Language	

This provision would provide transfer authority to assure the Environmental Protection Agency (EPA) of maximum flexibility to target resources to meet new EPA priorities and congressional mandates. This proposal would not significantly affect outlays.
